FEE SCHEDULE FOX METRO WATER RECLAMATION DISTRICT

Following is a brief overview of some of the various fees currently being charged by the Fox Metro Water Reclamation District. This is not a full list of all fees but does show the most commonly billed charges.

USER CHARGE RATES

The following sewer rate fees are charged throughout the Fox Metro Water Reclamation District for the processing of domestic wastes: \$6.53 per 1,000 gallons of water used.

Quantities of wastewater processed are determined from water meter readings. In those cases where the source of water is an unmetered well, 11,000 gallons of water is presumed used per every two months for a residence. Unmetered commercial wells are presumed to use 33,000 gallons every two months. Unmetered industrial wells are not permitted in the District.

INDUSTIRAL SURCHARGE RATES

Non-residential users may be subject to industrial surcharge rates and additional fees where applicable.

(Please contact our Pretreatment Department at 630-301-6825 for additional details)
